

Kenyan Conference Praise Reports:

Grace and Peace from our Lord Jesus Christ be unto you Evangelist Chrissie.

Thank you for your kind email. Kindly Greet my son, your wonderful husband Derick for me in the mighty name of our Loving Savior Jesus Christ. Tell him that I am proud of him. He should never stop dreaming big crazy dreams bearing in mind that ministry is not easy. Whatever the reason, He is exactly what God wanted and needed at this end time scientific system to minister by your side as He intend to enlarges your borders. Being placed in the ministry is an opportunity to be used though it is not an accomplishment in itself, but Time and Events will prove and try your work and stewardship of the mysteries of Christ. (Psalm 26:2, Rom 10:15, Col 1:25-26).

I thank God who help you get through everything in one piece in spite of coming across multiple challenges and led you safely back home in Dubai after a tireless toiling mission.

Your recent visit has brought great revival to the entire congregation. Even though Satan was working around the clock trying to stop you preaching, but your wisdom, knowledge and strong Biblical words you applied through the revelation of the Holy Ghost was so powerful and life changing. Since we all know that we are dealing with motives and actions here, I believe things would have not been easy without the intercessors. We should be praying incessantly because only God can supernaturally abort the plans of the enemy to attack and nullify or rather render satanic attacks and strategies useless.

We thank heavenly father God for connecting you to Sister Irene, a woman of faith filled with wisdom and knowledge working on your side.

May I bring to your best knowledge that **10** believers got salvation, while **5** unbelievers were converted to the faith, saved and added to the church. **20** people experienced the mighty healing power of Jesus Christ. Throughout the conference time **23** people were delivered from demonic oppressions. This is the first highest deliverance number witnessed in one camp meeting since our church organization was planted in 2000. Allow me to bring to your best knowledge that many people from the community were busy or rather committed to be at the conference during day time, but were attending the night revivals.

I believe the problems you faced on the way, health challenges, besides our transport problem that cropped in landing us to a huge debt was just the work of Satan who was scared to see the incapacitated set free. It was God's main purpose for sending you out to Kenya at the moment with the anointing power to perform miracles in Jesus Christ Name. The Holy Spirit was at work over the course of the four days when you calls on people to receive forgiveness of their sins and healing through Jesus Christ.

**One testimony stands out:** A man who lost his ability to walk for over 4 years regains his strength after the prayer for healing! Another woman with chronic backache for 10 years got healed. We thank God who performs miracles. It is a proof that when God makes promises,

He gives signs too. God accomplishes His purposes for we received a new heart and new spirit, becoming citizens of a Kingdom that cannot be shaken. May His name be praised and glorified forever.

In general, witnessed a great revival during the **Kowuor conference** though the turnout was lower according to our initial expectations. The testimonies we get from people who were present and from those who heard you speaking over the public address system tells clearly that the teachings had great impact in people's lives. Our souls are strengthened by the preached gospel. We thank God for sending you to us for we'll be continually be renewed in our knowledge of God's glory so that our love for God remains hot and our slavery to God remains freedom.

The believers and none believers in the community says it is their first time to hear a white woman teaching so powerfully. Praises and glory be unto God who anointed you and send you out with a doubled edged sword that really cuts in both sides.

I pray asking God the Almighty to bless you with kingdom wisdom and shower you with knowledge. May God bless you a women of Destiny that His glorious light always shine and surrounds you and through the power of the Holy Spirit you may be used mightily to bring the Gospel of hope and end time restoration to this region of East Africa and beyond. It is time women should be released from the shackles of shame guilt, discriminations and despair that hinder so many and to walk in the destiny God has designed for them.

I thank God who was at work convicting souls through His Holy Spirit. You were like Paul busy sowing seeds, while Irene watered the crops that lead God to lay another strategy to complete the process, while I'll therefore be doing the weeding.

Allow me to bring to your best knowledge that Pastors and believers were blessed and left the camp changed men full of joy in spite of the few challenges encountered. I personally thank the Lord for answering the desire of our hearts and impart to us the supernatural equipping for the divine call of God on our lives.

Thank you for teaching on the most taunting global problem -**women preachers and leaders**; I also believe that the Great Commission was given to all who are able have an obligation to our Lord to teach and preach the gospel of Jesus Christ. Irene emphasizes on how the Corinthian churches were organized that women could sit at the back causing confusion as they shout asking questions when a point is not clear.

It is evident to anyone who will observe with an open mind that God does, indeed, empower and call women to teach and preach His Word and that His Spirit abundantly blesses their efforts with good fruits.

The congregation realized that women are smart and are brave to change the world. Women were advised that they have more stuffs to offer to the church than their mad decorating skills of gossiping, backbiting, slandering, etc. Though women are undermined and discriminated,

but can offer strategic leadership, wisdom, counsel and even, sound, teaching. Nothing could stop any woman from getting deeper into the things of God. Men were told that instead of spending time in complaining or talking about politics we should read our bibles, pray and minister to the needy souls.

The point is more depth, more meat, and more- much more clearly defined senses of the intrinsic unique value women bring to ministry is really necessary.

Women are often superior counsellors to leaders, they bring a wisdom that is attentive to the breadth of needs in their midst with keen observations and insights coupled with I can do practicality that frankly is completely absent in most men. Women have unique gifts and talents that men absolutely do not have and that is a clearer picture of the value in that gift package that women on fire for the Lord can really shape and change the world.

### **Appreciation;**

The church of Jesus Christ is in urgent need of such better preaching and teachings because Christian people in this end time system deserve to hear good sermons whenever they assemble in church or rather go to worship. In this end time system there are many poor or mediocre sermons that truly discourages the listeners.

Thank you for delivering sermons with competence, inspiration, and passion. All your sermons had power to motivate people to faith in God and love toward one another. Your sermons converts the unbeliever, consoles the burdened, and instructs the eager.

There is nothing the world needs than to see the church living and walking in the power of the first-century faith. It is necessary to set our gaze and our faith for the certain rewards that the Lord has promised to manifest in our time.

Allow me therefore to bring to your best knowledge that God has given you the land, go in and possess it. Don't get settled for things that you're not happy with, asks God and He will bless you with greater blessings for He will flush out anyone illegally occupying your space or portion and enlarge your borders in Jesus name.

**Gen 9:27, “God shall enlarge Japheth, and he shall dwell in the tents of Shem; and Canaan shall be his servant.” read also 1Chronicles 4:10.**

Every change begins with a burning desire. Until your desire becomes a decision, it will never take off. Choice not chance, determines human destiny. I believe God sent you to be our mentor, teacher and guide.

I look forward to seeing you come again and minister in the power of God and gifts of the Holy Spirit as He wills. AMEN.

Till then, brightest blessings.

Yours in His service,

Apostle Joseph.
